VW's vans are as iconic as automotive icons get, conjuring up images of hippies, surfboards and peace, as well as excellent reliability and decent handling. Now in its 5th generation, the VW's Transporter T5 has come a long way from that image, and thanks to its outstanding popularity, there are a very large number of tuners out there who will make your VW van truly your own. (German specialist-tuner Harmann comes fort... [...]
