

Kahn Range Rover Evoque RS250 Vesuvius Copper [Photo Gallery]

16/07/2012 16:26 by admin

Kahn built its business around customizing Range Rovers, so the Evoque was obviously going to become its swansong. That moment has arrived and we are now invited to behold the British tuner's Evoque RS250 Vesuvius Copper. The crossover was gifted with a complex body kit that includes a front fascia, a rear bumper, a boot spoiler, new fog lamps, LED daytime running lights, a fresh front grille, a central exhaust, fog lights, as w...
