

Honda CR-Z Gets Supercharger Kit from Jackson Racing

08/08/2012 13:02 by admin

When we drove the Honda CR-Z, we had a little bit of fun, but we would've like some extra muscle and now US aftermarket developer Jackson Racing is here to solve that problem. The company is offering a supercharger kit for the internal combustion engine in the CR-Z powertrain. The package offers an extra 50 hp and 45 l... [...]
