

Murcielago Roadster with Motorized Cigar Holder [Photo Gallery]

08/08/2012 14:02 by admin

How about a mod for the mighty Murcielago that makes it very manly and very James Bond. Al & Eds Autosound in West Hollywood have collaborated with a number of other tuning companies in the US on this project car, which among other things features an automated and motorized cigar holder in the center armrest. Apparently, Steve, the owner of the Lambo in question has an avid passion for cigars and he likes to smoke in his car. [...]
