

BMW 7-Series Tries to Be a Bugatti Veyron [Video]

08/08/2012 15:03 by admin

The Bangle-designed E65 generation of the BMW 7-Series was one of the most controversial models in the history of the German carmaker, with quite a lot of people criticizing the styling of the car. The 7-Series has received a facelift and a new generation, which, in its turn received a revamp lately, but the controversy of the E65 is still alive, in the aftermarket world. The 7er in the adjacent video probably got sick and tired of all t... [...]
