

Vorsteiner Mercedes CLS63 AMG Previewed

08/08/2012 16:03 by admin

Vorsteiner is now giving us the first details for its upcoming Mercedes CLS63 AMG tuning package, with the tuner also releasing two teaser images of the project. The tech side of the development will include a stainless steel or a titanium exhaust system, as well as an ECU remap and various forged aluminum wheels with sizes ranging from 19 to 21 inches and maybe a lowering suspension. As for the exterior tuning, this will include elements... [...]
