

Ford Mustang Boss 302 on Vossen Wheels [Video]

08/08/2012 16:03 by admin

The Ford Mustang Boss 302 is a muscle car that's focused on playing on the track, even though we are talking about a street-legal vehicle. Therefore, fitting it with a set of custom wheels is no easy task, but this didn't stop Vossen Wheels from fitting the car with new shoes. The US wheel specialist gifted the Boss 302 with a set of VVS-CV7 rims, which come in a 20x9-inch size for the front axle and 20x10.5-inch for t... [...]
