

Mercedes-Benz C200K with 215HP by Vath

03/02/2009 16:55 by admin

One of the less known German tuners, Vath, has presented a new tuning package for the latest-generation Mercedes-Benz C200K. Vath's proposal includes a revised ECU that boosts the standard 4-cylinder engine's output from 185-hp to 215-hp as well as a sport exhaust system and new set of sport springs that lower the C-Class by around 45mm up front and 35 mm at the rear. The C200K's mechanical upgrades can be complemented by a front spoiler, a blacked out front grille, a rear spoiler and a set of 18-inch alloy wheels shed in 235/40 tires on the front axle and 255/35 on the rear.

VÄTH Wheels 8,5x18, 9,5x18, 235/40, 255/35 Tyres

Chassis VÄTH -45/-35 - 333,20 Euro

VÄTH Software development 215 hp, serie 185 hp - 1.773,10 Euro

VÄTH Exhaust - 1.666,00 Euro

VÄTH Front bumper - 1.011,00 Euro

VÄTH Radiator grill - 1.059,00 Euro

VÄTH Rear spoiler - 297,00 Euro
