

Old BMW 7-Series on 28-Inch Floating Rims [Video]

06/01/2013 18:16 by admin

The 1994-2001 E38 version of the BMW 7-Series was cool enough for James Bond, but the car that came after it was a real pig. The fourth-generation E65 that came after is widely accepted as one of the worst BMW designs in recent times, so we're not really surprised you can pick one up today for very little money. Obviously, when gangsters in hoodies pick up these sorts of cars, dubious taste is going to be the norm in terms of rim... [...]
