

BMW 1 Series Convertible tuning by Lumma Design

06/02/2009 09:48 by admin

Although we have not heard a thousand times Lumma Design today shows us a range of accessories for BMW 1 Series convertible. Lumma Design of BMW 1 Series Convertible package is focused on the appearance of the German model.

This includes ABS plastic masks for, 19" aluminum wheels and branded floor mats.

We usually expect more extensive changes from Lumma Design tuners, but BMW 1 Series Convertible looks good in standard form too.
