

## Meet The Japanese 240SX Tuner Who Wants To Copy American Style

22/08/2013 16:39 by admin

For decades, the import tuner scene in America was dominated by three magic letters: JDM. If you wanted a hot Japanese car, you wanted JDM parts, JDM engines, JDM style. Along the way we Americans developed our own aesthetic, and now, in a strange twist, it seems the Japanese are beginning to copy us.
