

## Flowmaster Launches Force II Exhaust for 2014 Chevrolet Silverado, GMC Sierra

26/08/2013 13:28 by admin

Flowmaster has announced the introduction of its new Force II Cat-back exhaust system for the 2014 Chevrolet Silverado and GMC Sierra pickup trucks. Designed for the 5.3-liter V8 Crew Cab models only, the bolt-on emissions-legal exhaust system features a stainless steel Super 50 Series muffler, dual 2.5-inch DOR/S mandrel bent tailpipes, polished 3.50-inch stainless steel tips, and provides a moderate sound level inside and outside.
