Remember the days when a 1.9-liter diesel from Volkswagen engine had less than a 100 horsepower? We've now in a world where you can have more than 100 hp per liter, thanks to performance diesel technology. Our favorite hot diesel has to be the SQ5 TDI, equipped with a 3-liter biturbo engine that makes 313 horsepower. Naturally, people are curious just how much more you can get. ABT, for example, got it to sing to 360, which was impre... [...]
