

Saleen Tesla Model S Foursixteen

26/09/2014 12:09 by admin

Saleen may have built its reputation on tuning the most iconic American cars like the Chevrolet Camaro, Ford Mustang, and Dodge Challenger, but company front-man Steve Saleen seems bent on making his mark in the budding performance electric car category as well. Rumors have circulated for more than a year regarding Saleen's entrance into the category, with *TopSpeed*'s own firsthand confirmation coming from Steve himself in a late-2013 interview. Well the rumors and speculation can all be put to rest as the company debuts the Saleen Tesla Model S Foursixteen at the prestigious Pebble Beach Concours d'Elegance. This Tesla Model S receives a bespoke exterior design, interior updates, and of course, increases in power and performance.[...]
