Porsche makes some of the best track cars in the world, but although it's very sporty, the Panamera GTS is not one of them. This machine is designed for normal, albeit very wealthy people to enjoy on the road. This particular model belongs to somebody in the Japanese capital of Tokyo, who after spending a small fortune on the 4.8-liter uber-GT decided to have it customized. It's worth mentioning right from the start that this Ty...
