

Japanese Custom Aventador Exhaust Is Complicated, Blue and Beautiful [Video]

26/09/2014 12:09 by admin

Japanese tuning company Rowen International has just unveiled a custom exhaust system for the mighty Lambo that polishes new sharpness into the powerful V12 weapon of the Aventador. We've seen some of their work in the past. The craftsmanship and attention to detail is unparalleled, and you can clearly see t[...]
