

SEAT Leon Cupra 2-Liter TSI Engine Tuned to 430 HP by PP-Performance

07/05/2015 15:34 by admin

The 2-liter TSI/TFSI developed for MQB performance vehicles is responsible for numerous hair-raising moments. We've seen track battles between the AWD Golf R and the FWD Leon Cupra, as well as Golf GTIs that can humiliate V8 Mustangs. However, we're more interested in the true performance potential of the engine today. Tuners like ABT and MTM have taken the 2-liter turbo to the 400 PS mark, but Abu Dhabi shop PP-Performance just... [...]
