

Jeep Grand Cherokee SRT Tuned By Geiger To 708 Horses

30/05/2015 20:33 by admin

If you were interested in the tuner-craze-trend of the early 2000's, then you surely remember Geiger. The German tuning house specialized in American cars, especially in H2 Hummers. The modification carried away for the enormous vehicles were next to ridiculous: supercharged V8s boasting up to 600-horses scissors doors, huge chromed rims and the list goes on and on? [...]
