When you mention Hamann tuned cars, many people think of BMW. The 6 Series packages made by this German firm are distinctive and pack a lot of power too. However, Mercedes and even Porsche models have been targeted by them in the past. Today, we're showing you what can be done with a Macan SUV, the baby model of Stuttgart's 4x4 range. Having made its debut in 2014, the Macan is more stylish than the Audi Q5 or BMW X3. However,[...]
