

The BRABUS Exclusive Program for the Mercedes GLK

04/01/2009 13:54 by [tuningnews.net](#) - latest news

In time for the market launch of the new Mercedes GLK, BRABUS presents an extensive and exclusive customization program. The program includes performance tuning for all engine variants, gasoline and diesel, sporty yet elegant body components, one-piece and multi-piece wheels with matching suspension solutions, and exclusive interior options.
