

Insignia Sports Tourer by Steinmetz

29/04/2009 18:01 by admin

After the world premiere of the Insignia 5-door by Steinmetz at the Essen Motor Show 2008, the duo was completed with the world premiere of the Insignia SportsTourer by Steinmetz at Tuning World Bodensee 2009.

Components already available include the front spoiler, front grille, kit for lowering by approx. 25mm and the wheel/tyre combination in 20" with 245/35/R20. The 20-inch ST7 is available in polished black or white.

For the roof of the Insignia SportsTourer by Steinmetz, a two-piece spoiler has been developed which, in conjunction with the signature Steinmetz exhaust tailpipe, gives the rear a more muscular appearance.

The current Steinmetz range for the two vehicles comprises:

Alloy wheels ST7 20", in polished black & white

Lowering

Front grille

Front spoiler to pedestrian protection directives

Roof spoiler (SportsTourer only)

Left tailpipe trim

Left/right tailpipe trims

Foot mats
