German tuner [MTM](#) released new program for [VW Golf](#) VI GTI and GTD.

There are numbers of choices here. For the GTi models there are 4 tuning packages. The biggest one powers up the car to 310hp and gives the car top speed of 270km/h. and 0-100km/h time of 5.7 sec.

The other available packages start with an upgrade to only 270hp.

The VW Golf GTD also gets a serious treatment, with a power boost up to 205 hp. That brings its 0 to 100 km/h time to 7.1 seconds.

Other options in all packages include 19-inch BIMOTO 9-spoke wheels, MTM brake system with 380 mm discs, quad-exhaust system from MTM and MTM's suspension kit that lower the car with 30 mm.

Prices for the GTI tuning start at €2,698 for a 60 hp boost and 18-inch rims.

For the GTD €800 for power boosting, while the 18-inch rims are €1,499. €1899 will get you the 19-inch ones.
