

## Mercedes W221 S-Class by MEC Design

28/06/2010 13:04 by admin

[MEC Design](#) has unveiled a new tuning package for the Mercedes-Benz pre-facelift S-Class (W221)

The transformation package include S65 AMG bumpers, 20-inch MEC Xtreme III wheels, an ELS (Electronic Lowering System) lowering module that lowers the car up to 65mm and a high performance exhaust system.

Inside the Mercedes, the cabin has a MEC designed steering wheel and floor mats with leather edging.
