

Project Kahn Range Rover RS500

03/01/2011 21:19 by admin

Project Kahn of UK together with Cosworth has unveiled an extreme tuning project which is based on the diesel-powered Range Rover RS500. The Project Kahn Range Rover RS500 is fitted with new Aerodynamic Styling Package which consists of new front bumper with fog lamp surrounds in billet finish, new side skirts, new rear bumper with [...]
